Bolman, William M., 424
Boruchow, Joan K., 526
Brady, John Paul, 283
Brain
  diagnosis of organic brain disorder by clinical, electrical and psychological tests, 172
  figure-reversing ability in chronic brain syndrome, 168
  motor impersistence in brain-damaged and cultural-familial defectives, 434
  tumors of the cerebral ventricles in children, 87
Brain acetylcholine and anticholinergic drugs, 476
Brain Damage and Behavior (book review), 288
Brain-damaged and normal individuals, relations among rigidity, intelligence and perception in, 310
Bronchial asthma as a manifestation of an abnormal mourning reaction and traumatic neurosis, 180
Brown, Claude, 278
Brunse, Anthony, 460
Bufotenin-like substance in the urine of schizophrenics, search for, 470

C

Can response to double simultaneous stimulation be improved in hemiplegic patients, 445
Cannibalism, symbolic, resembling Whitico psychosis, 424
Capillary morphology and the course of illness in schizophrenic patients, 63
Capillary morphology and prognosis, 369
Carter, Alan Barham, 487
Case history and hospitalization factors in suicides of neuropsychiatric hospital patients, 32
Central nervous system cholinesterases, 478
Cerebral disease, unilateral, visual recognition in patients with, 515
Cerebral electrical activity recorded during sleep and gastric distension in the dog, 540
Cerebral Infarction (book review), 487
Cerebral Localization and Organization (book review), 281
Cerebral ventricles, tumors of the, in children, 87
Cerebrospinal fluid acetylcholine and seizures, 477

Cerebrovascular accident and schizophrenia, 52
Cerebrovascular permeability to cocaine in the rat, effect of electroshock and antidepressant drugs on, 376
Challenge of Science, The, (book review), 580
